WICLIENT

- Network Control over the Cloud
- Scale Easily and Quickly
- No Backhaul links or leased lines
- Centralized Management and Reporting
- Limitless Deployment Size

Access Point

- AP Management over the Cloud
- Zero Config, Plug and Play
- Works Behind Nat and Firewalls
- Deploy for under \$200 Per Location

Hosted Services

- Host any Number of WiClients over the cloud with AllCity Wirelesses' Hosted WiDirect Solution
- Flat monthly fees, no per user charge
- Deploy in minutes, not days
- Real time alerting of network issues

Hosted Services Cont.

- Full Access to WiDirect setup and services
- No startup costs
- No maintenance or upgrade costs for hardware
- No environmental costs (cooling/power/security)
- Migrate from Hosted WiDirect to in house WiDirect at anytime without service interruption.
